The man who killed my men
I will not accept any pity from him

This man wasn't he part of the Yellow Turbans ?

!
Uh

Hey!?
Eeeh!!
What an incredible fever...
.....
It should be alright if I'm careful... Let's go!
It would be dangerous to enter a village he's in, but there is a high chance that there might be clues about Liu Bei...
I can't see well but he's flirting with some woman
Could anyone let me borrow a floor?
You can come to my house!!

...Liu Bei's horse was sold in Ba-Ge village!?
All troops halt!!
....halt the march!
But he's right... We can't abandon Liu Bei.
Damn older brother...
...in that battle his troops should have been annihilated. He was so reckless for just a hundred soldiers...
Perhaps he changed his horse in an attempt to trick us
ガラワッ
Ge-general Zhang Bao will get mad
.....!
A message from General Zhang Jiao! "Do not return to Qinghu without taking Liu Bei's head," he says...

Fufufu..!

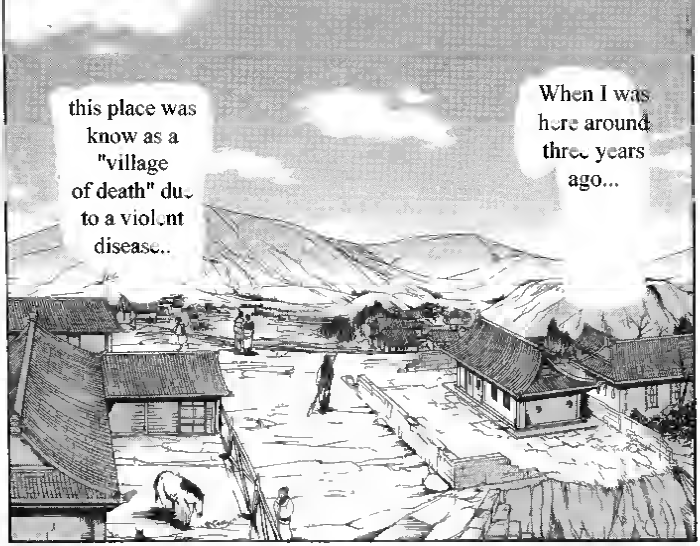
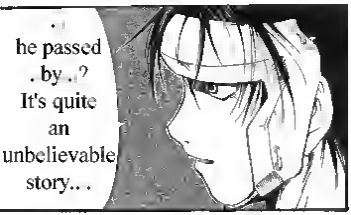
Sorry, but I don't have any money!

I knew it!
Alright!

Ba-Ge village...?
You're kidding!!



this place was know as a "village of death" due to a violent disease..
When I was here around three years ago...



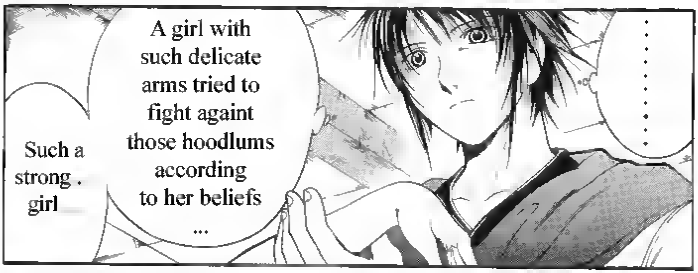
. . he passed . by . . ? It's quite an unbelievable story. . .

But as you can see I'm full of energy now!
I didn't believe it until he healed me, either.

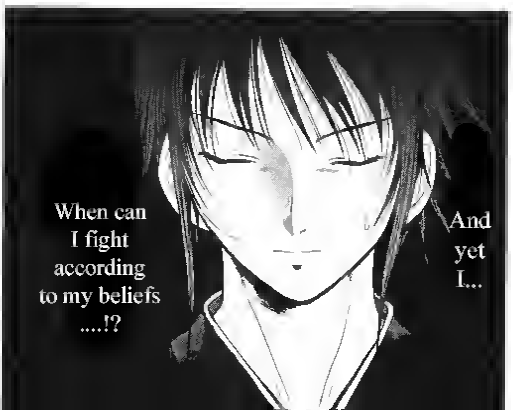
. . . . . .

Though sadly it was too late to save my daughter and husband
. . that time, honorable Zhang Jiao's lord brother passed by and saved us.

She must have overworked herself....

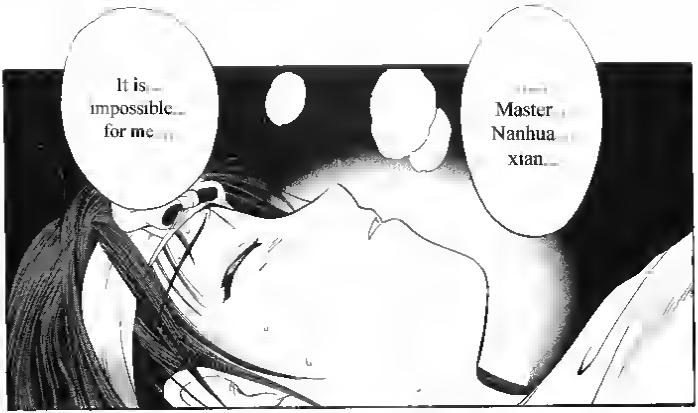


Such a strong girl
A girl with such delicate arms tried to fight againt those hoodlums according to her beliefs ...
.....



When can I fight according to my beliefs ....!?

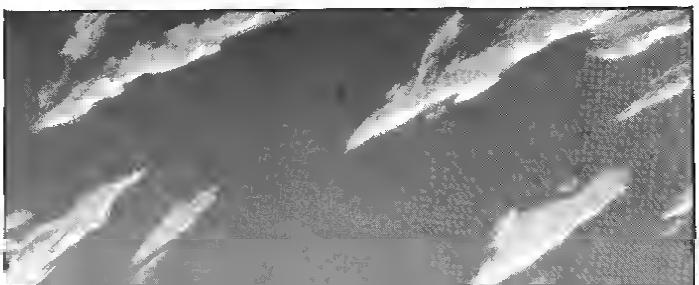
And yet I...

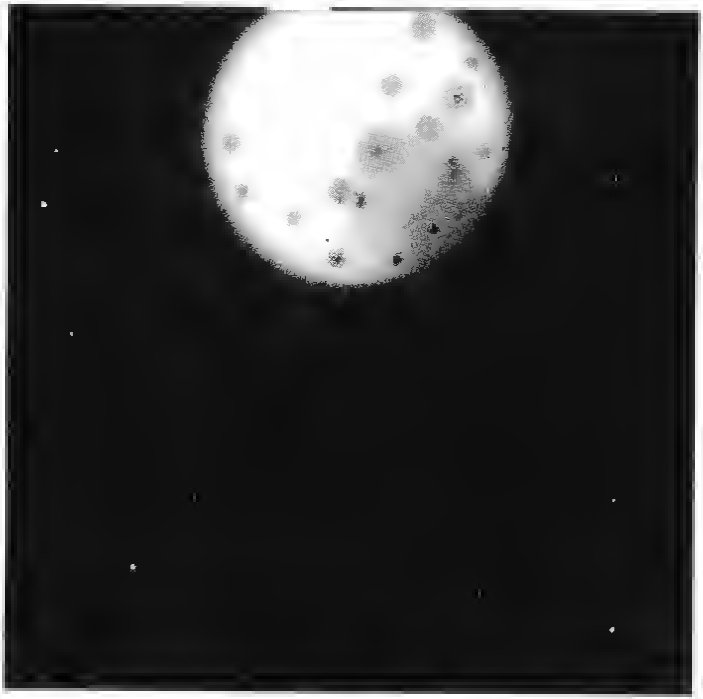


It is... impossible... for me...
...Master Nanhua xian...

.....?
...I can't... become emperor.....

What are you saying, mister! You saved us, you should stay the night!
No, I need to excuse myself soon
Eh !?
Mister Zhao Yun or what you said your name was, should we take dinner?





Yeah! That girl saved my life She really is a good girl
So that woman who fought the Yellow Turbans is alright?
